

INSTALLATION CHECK LIST

Check that following tasks are performed correctly. For the detail on each installation, refer to the Owner's manual.

We recommend that an authorised Honda dealer performs the installation of your Miimo.

- Install docking station**
- Lay boundary wire**
- Connect power supply**
- Initial Miimo set-up**
- Setup wizard**
- Advanced settings**
- Check Miimo is operating correctly in the garden**
Without getting stuck – if necessary adjust the boundary wire position.
